CEO & CFO

Accuracy and completeness
of all statements in SEC 10K,
and 10Q filings

Fair representation of financial
position and result of
operations

Evaluation of
effectiveness of
Disclosure Controls

Disclosure of
significant events
related to financial
reporting and
business
operations

Accounting & Auditing Team

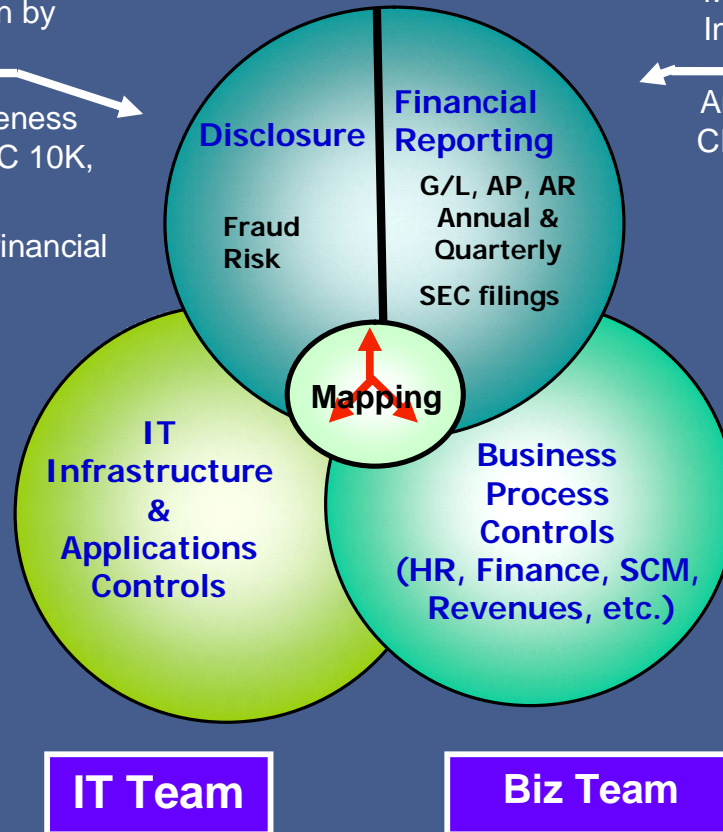

Section 404:

Management Assessment of
Internal Controls

Annual assertion by the CEO &
CFO regarding internal controls
in 10K

Responsibility for
establishing and
maintaining internal
control structure and
procedures
Assessment of
effectiveness of internal
control structures and
procedures
Attestation/Test by the
external auditor

Disclosure of
deficiencies in internal
control to Audit
Committee and
external stakeholders

Best Practices: COSO, COBIT and GCC

- SOX recommends the use of COSO (The Committee of Sponsoring Organizations of the Treadway Commission) as the framework for auditing financial systems.
- The Information Systems Audit and Control Association (ISACA) has prepared an industry accepted “mapping” of CoBIT (Control Objectives of Information and Its related Technology) to the COSO internal control model and the SOX information system internal control requirements.
- The development of the support systems, processes, procedures, and controls identified under the GCC (General Computing Controls). GCC includes controls for:
 - Software (Systems) Development Lifecycle (SDLC)
 - Change Management
 - Production Operations
 - Operations Security (Access and Vulnerability Management)
 - Systems Backup and Recovery

Typical Project Methodology & Timeline

Phase 1 Discovery

- Business Scope Identification, Project Plan and Client Training 3-4 Weeks
- IT Scope Identification, Project Plan and Client Training 3-4 Weeks

Phase 2 Assessment

- Enterprise Business Controls Gap Assessment 6-8 weeks
- Enterprise IT & Applications Controls Gap Assessment 6-8 Weeks
- Business Controls to IT Controls Mapping 4-6 Weeks

Phase 3: Remediation

- Business Process Remediation 4-6 Weeks
- IT Process Remediation 4-6 Weeks

Phase 4: Internal Testing

- Business Internal Testing 4-6 Weeks
- IT Internal Testing 4-6 Weeks

Phase 5: Certification

- SAS 70 Compliance 4-6 Weeks
- External Auditor Testing 4-6 Weeks
- Signoff and Certification

What are SOX Project Deliverables?

Phase 1 Discovery

- Project Definition Document
- Project Plan With Resources, Dates and Milestones
- Executive and Managers Training Material
- Business Compliance and Reporting Templates
- IT Compliance Reporting Templates

Phase 2 Assessment

- Business Transactions Control Process Flow Diagrams
- List of Mapping of GL Accounts to Process Flows
- List of Business Controls & Risks for Each Business Cycle
- IT Transactions/Process Flow Diagram
- List of IT and Applications & Risks Controls
- Mapping Biz and IT Controls (in collaboration with business managers)

Phase 3: Remediation

- Business Remediation Recommendation
- IT and Applications Remediation Recommendation

Phase 3: Testing

- Internal Testing Biz Controls Results
- Internal Testing IT Controls Results
